TEMA: VISUAL ARTS

Hello, there! Nesta semana, você irá reconhecer diferentes tipos de artes visuais e terá sua sensibilidade estimulada nas singularidades de muitas delas. Study hard!

BREVE APRESENTAÇÃO

Os conceitos principais sobre artes visuais da aula dessa semana estão apresentados na caixa abaixo. Eles serão necessários para você responder às atividades. I wish you a great study time!

The visual arts are art forms that create works that are primarily visual in nature, such as *ceramics, drawing, painting, sculpture, printmaking, design, crafts, photography, video, film making and architecture*. These definitions should not be taken too strictly as many artistic disciplines (performing arts, conceptual art, textile arts) involve aspects of the visual arts as well as arts of other types. Also included within the visual arts are the applied arts such as *industrial design, graphic design, fashion design, interior design and decorative art*.

4 – Read the excerpts from Picasso and Van Gogh biographies. Do they mention any of the kinds of art represented in the previous text? If so, what are they?

Though he was a relatively poor student, Picasso displayed a prodigious talent for drawing at a very young age. According to legend, his first words were 'piz, piz,' his childish attempt at saying 'lápiz', the Spanish word for pencil.

Accessed on May 2, 2020.

Van Gogh began painting with intensity and emotion. The colors in his paintings became more vibrant and bright. He would sometimes apply the paint directly onto the canvas from the tubes leaving the paint thick with rough brush strokes. Sometimes it would take weeks for his paintings to dry because the paint was so thick.

TEXT 1: FLÁVIO ROBERTO TAVARES DE MELO'S BIOGRAPHY

Flávio Roberto Tavares de Melo was born in João Pessoa, Paraíba, Brazil, on February 15, 1950, son and grandson of artists – his grandfather on this father's side, Pedro Damião, was a remarkable photographer and his father, Arnaldo, besides his brilliant career as a doctor, spent his spare time drawing in pen and ink, having illustrated a number of books and produced hundreds of vignettes for local newspaper. As a child, Flávio showed his talent for drawing and painting, and Dr. Arnaldo was his first instructor and since then he has never stopped exercising and experimenting in this artistic branch. He attended the course on painting taught by the artist Raul Córdula, at the Arts Sector of Federal University of Paraíba (UFPB) and when he was 18 years old he started taking lessons from the painter and engraver Hermano José, who, at that time, already enjoyed a high reputation as an artist.

Tavares finished his high school studies and soon afterwards started the course of Sociology, at UFPB, from which he withdrew in the third year to be a full-time artist. He was just a little older than twenty and he had already exhibited his pictures in Recife, Rio de Janeiro and São Paulo where, in 1976, he published his album of drawings, *O Pavão sem Mistérios* (*The Peacock Without Mystery*), introduced by the famous Brazilian cartoon artist Ziraldo. At this time he studied painting in some of the most prestigious American Universities (Yale University, University of Connecticut and Simon Rock College, where he also conducted a workshop), and also in Cayenne (French Guyana). He also took the chance and exhibited his paintings in all these places.

TEXT 2: SAM VERE'S AUTOBIOGRAPHY

About Me

Raised in the beautiful Welsh countryside I developed my love of photography shooting natural landscapes and wildlife around my home at the age of 16. It was around that time that I began studying photography at college where my passion for the art really grew and became a big part of my life. Since then I have moved to Birmingham where I studied Visual Communication at university, naturally I began shooting more urban environments and included more models in my work. I am still based in Birmingham but travel all over for new locations and inspiration, taking my camera with me wherever I go. Please don't hesitate to send me an email if you'd like me to do a shoot for you or if you'd just like to know more about me and my work! LEGENDA DA IMAGEM: **Sam Vere.**

TEMA: NARRATING PAST EVENTS

Hello, there! Nesta semana você praticará o Simple Past na forma afirmativa, negativa e interrogativa. Do your best!

BREVE APRESENTAÇÃO

Você precisará dos conceitos sobre o Simple Past, seus usos e sua estrutura, os quais estão apresentados na primeira atividade desta semana quando, de maneira interativa com os exercícios, você extrairá as definições necessárias.

Lembre-se: para formar o passado de **verbos regulares**, acrescente **-ed** ao verbo, como em "she helped me"; acrescente **-d** aos verbos terminados em **-e**, como em "they danced a lot"; aos verbos terminados em consoante + y, como study, substitua o **-y** por **-i** e acrescente o **-ed** comum aos verbos regulares no passado, como "we studied hard last week". Já para o passado de verbos irregulares, não se acrescenta o **-ed**, mas cada verbo assume uma forma distinta, como eat (presente) - ate (passado), go (presente) - went (passado).

Referência das atividades, textos, conteúdos e imagens desta semana:

BRAGA, Junia; RACILAN, Marcos; GOMES, Ronaldo. **New Alive High**: ensino médio. São Paulo: Edições SM, 2020. Unit 4: pp. 76-77.

ATIVIDADES

1 – Read the following excerpts:

I. "As a child, Flávio **showed** his talent for drawing and painting [...]."

II. "[...] in 1976, he **published** his album of drawings."

III. "I **studied** Visual Communication at university [...] and **included** more models in my work."

a) Which of these statements is the correct one?

The words in bold tell us that the actions, states and events happened...

A ... at a continuous period of time in the past.

B ... at a specific time in the past.

C ... in an undefined time at the past.

We use the **Simple Past** to talk about actions, states, and events that happened and finished at a specific time in the past. Although the time is not necessarily mentioned, it can be imagined by the speaker. When we want to mention the time, we use expressions such as "last week", "yesterday", "in + year", among others.

b) Are the words in bold **regular verbs** or **irregular verbs**? How do you know?

c) Are the verbs in sentence **III** formed the same way as the ones in the other examples?

In the **Simple Past**, **regular verbs** always end in **-ed, did, not, didn't**.

To make negatives, use **did + not + base form** of the verb. In oral language, we usually use the contracted form **didn't**.

*Flávio Melo **didn't finish** the course of Sociology.*

d) Write the correct combination of numbers-letters and try to infer the rules:

I. showed/published II. studied III. Included

A. When the verb ends in **consonant + -y**, we rub out **-y** and add **-ied**.

B. When the verb ends in **-e**, we just add **-d**.

C. When the verb ends in a **consonant sound**, we add **-ed**.

2 – Now, analyze the sentences about Andy Warhol and put the words/phrases in the adequate slot to show how to ask questions:

I. "Why did Warhol paint *Campbell Soup*?"

II. "Did Andy Warhol like tomato soup?"

Available at <https://www.askthemonsters.com/the-15-most-popular-questions-about-art/>.
Accessed on April 11, 2020.

Question word WH-	Auxiliary Verb	Subject	Base form of the main verb	Object

The question with the **WH-word** asks for **content**, while the other asks for **'yes' or 'no'**.

DID YOU KNOW?

Andy Warhol (1928-1987) was an American artist [...] who was a leading figure in the visual art movement known as pop art. Some of his best known works include the painting *Campbell's Soup Cans* (1962).

Available at https://en.wikipedia.org/wiki/Andy_Warhol. Accessed on April 11, 2020.

3 – The following answers are related to the texts in "Semana 2". Write questions to the sentences using the words in parentheses.

a) The painter and engraver Hermano José. (Who)

b) Hundreds of vignettes. (What)

c) He included more models in his works. (What)

d) In Recife, Rio de Janeiro, and São Paulo. (Where)

e) At the age of 16. (When)

4 – Pieces of art can cost a lot of money. The more famous a piece of art is, the more money it costs. As other valuable things, pieces of art are stolen more and more. Read the text "How could someone steal a painting from a museum?", by Julia Layton, about the disappearance of Leonardo da Vinci's *Mona Lisa* and replace the letters with the appropriate form of the verbs in the boxes.

Assume – Call – Disappear

When Leonardo da Vinci's *Mona Lisa* **A** _____ from the Louvre museum in Paris in 1911, the world was shocked. The theft went undetected for days. Museum staff saw the empty space on the wall and **B** _____ the painting had been moved to the Louvre's restoration center for upkeep. But by the second day, the Louvre **C** _____ the police.

End – Remove – Use – Walk

The theft of the *Mona Lisa* by museum worker Vincenzo Perugia was brilliant in its simplicity. It's unclear what type of security the museum **D** _____ at the time, but some facts are known for sure. After Perugia's shift **E** _____ on Sunday, he hid in a room. When everyone had gone home, he left his hiding place, took the *Mona Lisa* off the wall, **F** _____ it from its frame, stuck the priceless work under his shirt and **G** _____ out into the night. [...]

TEMA: CYBER SAFETY TIPS

Hello, there! Você sabe como manter sua segurança e privacidade online? Nesta semana, você conhecerá algumas dicas sobre isso. All the best in your studies!

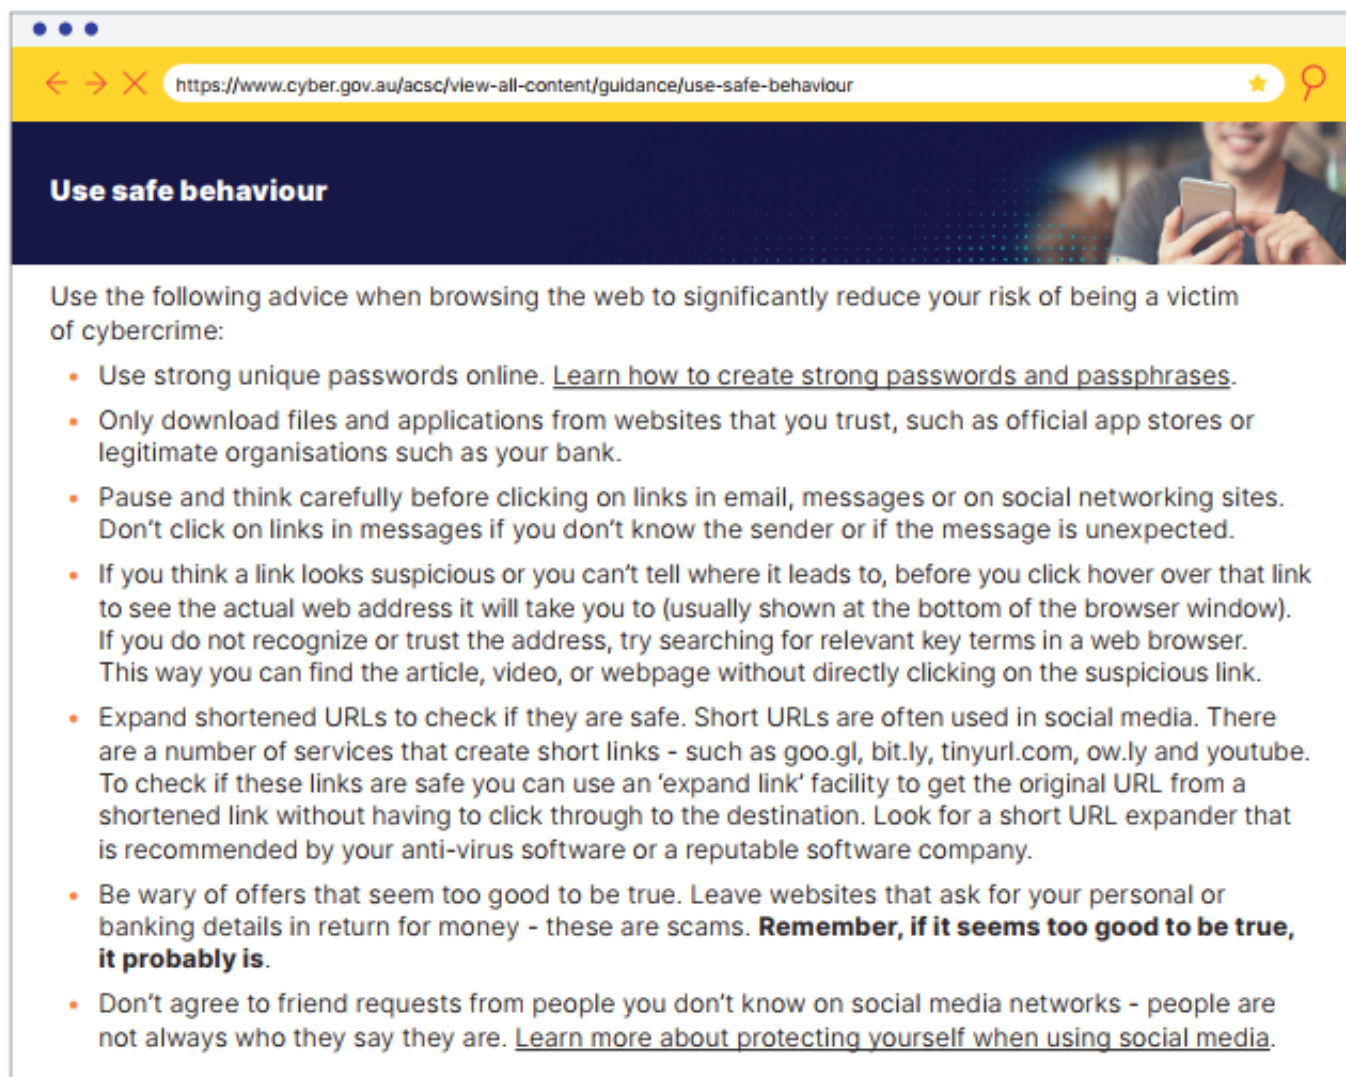

BREVE APRESENTAÇÃO

Você verá como dar dicas e sugestões com o uso do Imperativo. Por meio do texto, você se recordará de como usá-lo e colocá-lo em prática no último exercício.

ATIVIDADES

1 – Do you know how to protect yourself against potential online danger? What do you do?

Read the article below and find out how safely you are browsing the Web.

Use safe behaviour

Use the following advice when browsing the web to significantly reduce your risk of being a victim of cybercrime:

- Use strong unique passwords online. [Learn how to create strong passwords and passphrases.](#)
- Only download files and applications from websites that you trust, such as official app stores or legitimate organisations such as your bank.
- Pause and think carefully before clicking on links in email, messages or on social networking sites. Don't click on links in messages if you don't know the sender or if the message is unexpected.
- If you think a link looks suspicious or you can't tell where it leads to, before you click hover over that link to see the actual web address it will take you to (usually shown at the bottom of the browser window). If you do not recognize or trust the address, try searching for relevant key terms in a web browser. This way you can find the article, video, or webpage without directly clicking on the suspicious link.
- Expand shortened URLs to check if they are safe. Short URLs are often used in social media. There are a number of services that create short links - such as [goo.gl](#), [bit.ly](#), [tinyurl.com](#), [ow.ly](#) and [youtube](#). To check if these links are safe you can use an 'expand link' facility to get the original URL from a shortened link without having to click through to the destination. Look for a short URL expander that is recommended by your anti-virus software or a reputable software company.
- Be wary of offers that seem too good to be true. Leave websites that ask for your personal or banking details in return for money - these are scams. **Remember, if it seems too good to be true, it probably is.**
- Don't agree to friend requests from people you don't know on social media networks - people are not always who they say they are. [Learn more about protecting yourself when using social media.](#)
